REGENERATION & INVESTMENT

Uniquely positioned between world-leading firms like Google at King's Cross, Europe's largest tech cluster in Cambridge and global gateway Stansted Airport, it's no surprise Haringey's ambitious regeneration programme and greater access to affordable office space mean that growth in Haringey will outstrip anywhere else in the capital.

With a proud history of being London's home of manufacturing, Tottenham is already seeing a new generation of makers take advantage of our borough's boom to set up shop.

Sunday services run weekly, although above all else the Engine Room is a place where anyone in the local community can come to find others who share their passions and interests.

Craving coffee (1 mile) – An independent, family-owned Tottenham based company, offering both excellent locally sourced coffee as well as catering for events. They also host street food evenings from Thursdays – Saturdays, in addition to monthly art exhibitions.

Tottenham Green Market (1.2 miles) – A vibrant market that celebrates the diverse street food, produce, drinks and crafts from the local area.

Loven Pizzeria (1.5 miles) – Specialising in authentic, Neapolitan pizza, hand-made from Italian Caputo flour and baked inside their wood-fired oven.

Victory London Distillery (2 miles) – A 21st century distillery that is always looking for new ways to be more sustainable. From revolutionising the distillation process itself to introducing new eco-friendly packaging systems, Victory London is pioneering new ways to promote excellent quality while cutting waste.
